

My Testimonials

My overall comments on how I viewed Chris's services are – Excellent!

Stu

Chris came highly recommended by my relatives who have used him in the past. Trying to get the seller to lower his price, and waiting around to find out his replies are what stand out most in our mind. Everything Chris did was excellent, he answered all questions I had and helped me every way he could to buy my first house.

Tyler

Great & Professional is how I would rate Chris's services! He answered all of our questions honestly and was very upfront. Thanks Chris!

James

I have moved four times in six years and that can be a blessing or a nightmare to any agent. Chris is the only one who was patient understanding, always responded to my inquires immediately. Chris even drove over 2 1/2 hours from his vacation spot to show me a home I really wanted to see. He has helped me sell and buy my homes and always will do what it takes to make us happy. If you want someone who really cares about your home and the kind of home you need...Call Chris! We now have been in our current home for over 18mths with no plans of moving and he continues to call and say hi. Thank You Chris!

Chris discouraged us from looking at a home because of the dangerous location that we were unaware of. He was very very helpful. We recommend Chris to everyone and our whole family uses him to buy and sell homes.

You are so well organized, you make the house hunting experience and exciting process. From the very start you were able to determine what price range I qualified for and by listening to my concerns, you were also able to show me homes that best suited my needs.
